DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on August 28, 2006 is not fully responsive to the prior Office Action due to the following omission or matter(s): The Restriction Requirement mailed on July 27, 2006 also included a requirement for an election of species. It was asserted claims 54-107 are generic to a plurality of disclosed patentably distinct species comprising compositions comprising a methimazole derivative and/or cyclic thione derivatives. See the paragraph bridging pages 3-4 in that Office Action. No election of species was made. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, Applicants are given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Phyllis G. Spivack whose telephone number is 571-272-0585. The Examiner can normally be reached from 10:30 to 7 PM.
